

New single: PERFECT DAY

Away from the stress of work, away from the stress of density, simply get out of everyday life - pack your bags and relax at a dream destination. That's how you imagine the perfect day.

The first single “Perfect Day” by Basel-based band LUNA & The Gents captures precisely this moment. With their unmistakable sound of vintage pop and country, LUNA and their talented gents create a unique “Swinging Vintage Pop”. “Perfect Day” is a real railroad or road trip song that takes us on a trip to the sun - and brings the feeling of a vacation into everyday life.

LUNA lends authenticity to the original composition with her powerful voice, while her gents impress with a rich, grooving sound. The high quality of the band is also evident in the production: the song was recorded live in the studio, without any instrument plug-ins or samples. The catchy melody, the infectious rhythm and the dynamic arrangement of the track ensure a clear, transparent sound that perfectly conveys the energy and feeling of the song.
