

New single: «Doggy»

Doggy – When your little four-legged friend becomes a star

«**Doggy**» is a song full of humor, heart, and a nod to life with our beloved furry chaos. With funny lyrics about a headstrong dog who thinks he's a wolf and a melody that immediately sticks in your head, the song shows that even the little challenges of everyday life can be taken with a smile.

The mix of rock guitar riffs, pop elements, and a slight bluesy touch underscores the charming story of the loud furry friend. «Doggy» is a musical portrait of patience, humor, and the joy of the quirky moments of living together – and is guaranteed to make you tap your feet, sing along, and smile every time you hear it.

In short: a song for all animal lovers, neighbors with a sense of humor, and anyone who has ever been chased away by a little four-legged friend.

«**Doggy**» is the fifth single from the Basel-based band **LUNA & The Gents**. Particular emphasis is placed on authenticity: all songs are recorded live in the studio, without the use of artificial intelligence or modern production aids such as plugins and samples. The recordings are made exclusively with real instruments and classic studio technology – for a genuine, timeless sound.
