

# **LUNA & The Gents – Swingin’ Vintage Pop**

LUNA & The Gents create Swingin’ Vintage Pop that sounds like yesterday – but feels like today.

Inspired by the sound of the 1950s and 60s, the project blends timeless melodies, swing, pop, rock’n’roll and a touch of chanson with modern production and unmistakable retro charm.

At the heart of LUNA & The Gents are original songs, recorded by real musicians with real instruments and classic studio techniques. The aim is not to copy the past, but to bring its musical charm into the present.

LUNA & The Gents is a virtual music project from Switzerland, created for the digital world. The music itself comes to life where the band feels most at home: in the studio – writing, arranging, playing and fine-tuning sounds and details.

**The studio is our stage. The digital world is where we meet our audience.**
